Car share scheme

All Platinum Skies we promote car sharing. Car sharing is where two or more people share a car and travel together. This might be daily to and from work or a trip into town, once or twice a week to the sports centre, on a regular Saturday basis for shopping trips, or one-off trips to events, or to visit friends and family. You can cut your fuel bill in half or even more by car sharing. It allows people to benefit from the convenience of the car, whilst alleviating the problems of congestion and pollution.
